The Spirit of Care

Santa Clara Family Health Plan is Proud to Now Serve 150,000 Members

On May 1, 2013, Santa Clara Family Health Plan (SCFHP) reached a major milestone with 150,000 members enrolled. While this is a milestone for SCFHP, it is also a milestone for those who otherwise might not have access to quality, affordable health insurance.

SCFHP began serving residents of Santa Clara County 17 years ago, with 30,000 members enrolled in the first year. Partnering with community leaders, our outreach efforts and the introduction of innovative local programs have enabled SCFHP to reach additional residents each year – ensuring that the underserved in our county receive the care they need.

We are excited to continue expanding SCFHP's services over the coming year as we work to bring the benefits of the Affordable Care Act to Santa Clara County. Through the expansion of Medi-Cal, we look forward to providing coverage to adults earning up to 133% of the Federal Poverty Level.

We take our responsibility to serve our members very seriously and are honored that so many of you choose to enroll with SCFHP. We continue to work daily to bring you the quality, affordable health insurance you deserve.
